## LINING OUT STOCK

**FALL—1931**

Naperville, Du Page County, Illinois

Telephone: Bell System

Long Distance: Naperville No. 1

**OUR NURSERIES** are situated adjacent to the City of Naperville, Du Page County, Illinois, some 28 miles West of Chicago, on the Chicago Burlington & Quincy Railroad. Popular automobile routes as the "Cannon Ball," "Route No. 18" and "Starved Rock" Trails, pass our nurseries over designated State Roads.

### TERMS AND CONDITIONS OF SALE

All prices named herein are net and:

For goods f. o. b. Nurseries or car's Naperville, Illinois, exclusive of any packing, express, freight or transportation charges. **Packing charges are extra in addition to cost of plants.** No charge for packing car lots orders in bulk.

Subject to cancellation or change without further notice upon prior sale or depletion of our stock of goods.

### QUANTITY RATES WILL BE APPLIED AS FOLLOWS:

Our Lining Out Stock is packed 50 plants per bundle.

No order accepted for less than 50 of any one item.

Orders are accepted and all shipments made subject to delays or inability to ship or deliver by reason or on account of strikes, accidents, droughts, fire, floods, frost, hail, sleet, war conditions and orders, railroad or express embargoes, priority or other transportation orders, prior sale of stock, stock shortage, labor or car shortage, or any other cause or causes for delay in shipment or delivery of goods which are beyond our control.

We never cut back tops of lining out stock unless so instructed on orders.

All shipments at purchaser's risk.

In absence of specific shipping instructions, we are to route all shipments according to our best judgment without assuming responsibility.

If destination is a Prepaid Station, freight charges will be prepaid by us and charged for on invoice.

Due to general conditions of weather, possible labor shortage and other contingencies, during the digging and shipping season, we do not guarantee to fill all items of an order or orders placed with us in one or first shipment.

In making all shipments we carefully consider conditions in general and act accordingly.

We reserve the right to substitute the next nearest size of any variety if unable to supply the size ordered.

## NAPERVILLE NURSERIES . . FALL 1931

---

We do not recommend packing lining out stock with transplanted stock either L. C. L. or C. L. Both should travel in separate packages.

When shipping carload lots out of storage, after all stock has been graded, we can ship lining out stock with transplanted stock, but even then we recommend that the lining out stock be put in boxes, so as to keep the small stock together, and also protected. Some difficulty seemingly is experienced in getting refrigerator freight service through to some stations, and any damage to stock enroute should be promptly reported to your Transportation Company.

Claims for errors or shortage must be filed with us within Ten (10) Days after receipt of goods. No claims for errors or shortage in excess of purchase price will be considered. Claim for damage to stock enroute should be immediately reported and entered with your local agent of transportation company.

Customers who are not satisfied with our grading of any variety that we ship on an order, shall immediately notify us and ask for disposition of the material. If stock is under size we may be able to rectify by reshipment. All rejected material must be returned to us after we notify whether by freight or express.

We advise all of our customers to immediately unpack all shipments of lining out stock upon arrival and report.

Remember that all claims for error or shortage must be based upon a check of goods upon the arrival of the material and not at the time stock is lined out.

**Changes in order and cancellation.** These should always be made in writing, even if initially telephoned. If an order, or any part thereof, has been reserved by being packed away or boxed in storage awaiting shipment, cancellations are practically impossible.

**Payments of accounts to be as follows:**

**All accounts, 30 days net cash, except**

**Spring accounts with Wholesale Nursery Trade** which are due on June 1st of same year.

**Fall accounts with Wholesale Nursery Trade** which are due on December 1st of same year.

**2% discount allowed on accounts** if paid within 10 days from date of shipment.

**5% discount allowed** if remittance accompanies order and order calls for shipment as soon as stock is ready.

Where remittance accompanies order same should cover total amount computed at list prices of goods ordered without deducting discount.

Such remittances will be considered payment on account, **subject to cash discount.** Our invoices will show entire transaction, showing price of plants packing charges, prepaid express or freight, or delivery charges, **also discount for cash with order will be applied on invoice** as soon as goods are shipped, or delivered, as the case may be.

The condition may arise where the entire amount of all invoices for stock shipped will be less than the amount, or amounts, remitted, in which case the unearned portion of remittances will be refunded as soon as the shipping season is over and our books and accounts have been properly audited, if not before.

**Payment for partial shipments** shall be due on basis of invoice dating of same.

**Accounts after due dates** are subject to sight draft, also interest charge at the rate of 6% per annum.

**Cash or satisfactory references with order, if purchaser has no credit established with us.**

Certificates of inspection will be furnished with each shipment.

Address all communications, orders and remittances to  
**NAPERVILLE NURSERIES, Naperville, DuPage County, Illinois.**

We are listing this beautiful plant for the first time. We have had this in our Nurseries for over ten years and have found it perfectly hardy at the low temperature of 29 degrees below zero. It is very floriferous and blooms practically all summer. The flower resembles Weigela rosea, but foliage is entirely different, being a dark green color on red stems. We believe this plant eventually will take the place of the more tender varieties of Weigelas.
